Appointments with your Doctor

Appointments can be made by phoning or calling into the surgery. Urgent problems will be dealt with promptly. Appointments are made at 10 minute intervals with longer consultations and procedures being allocated the necessary time. In order to ensure minimal waiting time for all please notify the receptionist if you have complex or multiple problems to discuss that require a longer appointment. At times the doctors do run late and this is usually due to a range of reasons ie: emergencies, extra family members requesting to be seen etc. Please be assured that the doctors try to run to the scheduled time.

If you or a family member requires an interpreter we can organise this for you. Please let us know when you make an appointment.

If you suspect you may have an infectious disease (e.g. Chicken Pox) please let us know when making the appointment, and on your arrival so the appropriate measures can be taken. If you are seriously ill or in need of extra privacy, please also notify reception staff. We also request that you call to cancel if you are unable to keep the appointment, so someone else may take your place.

We ask that accounts be paid at the time of the consultation.

We accept Cash, Eftpos, Visa and MasterCard credit cards. Healthcare cardholders may be charged a discounted fee and Veterans Affairs cardholders are bulk billed.
